

DUMBA CRITICISES LANSLING IN LETTER

Terms Legal Arguments
on Sale of Munitions to
Allies "Very Weak"

TAKEN FROM ARCHIBALD

Document Was Among Thirty-
Four Papers Found in Cor-
respondent's Possession

SEVENTEEN ARE MADE PUBLIC

LONDON, Sept. 21.—Of the thirty-four Austrian and German papers found in the possession of James F. J. Archibald, the American newspaper correspondent, when he was apprehended August 20th, at Falmouth while proceeding from New York on board the Steamer Rotterdam, seventeen are described as having been made public and the other seventeen as being "insufficient to warrant publication."

Count Von Bernstorff, the German ambassador to the United States in one letter says that Mr. Archibald "is proceeding to Germany to collect material for lectures in the United States in the interest of the German cause."

Criticizes Lansing's Reply.

The documents included a letter from Dr. Constantin T. Dumba, the Austro-Hungarian ambassador at Washington, to Baron von Burian, the Austro-Hungarian minister of foreign affairs, which criticized Secretary Lansing's reply to Baron von Burian's protest against the large deliveries of weapons to the allies. The letter declares the legal arguments of Mr. Lansing are "certainly very weak," but adds that to return to the question is useless, "having regard to the somewhat self-willed temperament of the president."

The letter of Dr. Dumba which is dated August 20th, says in part: "The reply of Secretary of State Lansing to the note of the 29th of June in which your excellency protests against the enormous deliveries of weapons and munitions to the allies from the United States was published here, I do not know whether with the agreement of the Austrian government—on the 16th ultimo."

"Refusal Quite Categorical."

"As was to be expected the refusal was quite categorical. The legal arguments are certainly very weak, for the fact that the authorities supplied by Germany and Austria during the Boer war are not to the point and are misleading, for at that time Germany claimed the right to send food stuffs to the Boers via the neutral port of Lorenzo Marques and if I am not mistaken, carried the point after the war against England."

"The true ground for the discouraging attitude of the president lies, as his confidant, Mr. House, already informed me in January and now has repeated, in the fact that the authorities in a serious crisis would have to rely on neutral foreign countries for all their war materials."

"At no price and in no case, will Mr. Wilson allow this source to drop."

"For this reason, I am of the opinion that a return to the question whether officially by replies of your excellency, or by a semi-official conversation between myself and the secretary of state will not be useless, but even, having regard to the self-willed temperament of the president, harmful."

"In this matter I agree entirely with the view expressed by Consul Schwegel in a report attached. The president has broken all the bridges behind him and made his point of view so definite that it is impossible for him to retreat from this position."

"As last autumn, he can always through his personal influence either force the house of representatives to take his point of view against their better judgment, or, on the other hand, in the senate, can overthrow the resolution already voted in favor of prohibiting the export of guns and munitions."

"In the circumstances any attempts to persuade individual states to vote parallel resolutions through their legislative bodies offer no advantages, apart from the international difficulties which the execution of this plan prevents."

"The proposal to forbid passenger ships to carry munitions stands on a different footing, however. Mr. Bryan and his Democratic supporters would stand for this prohibition, and I believe the president would not show himself so intransigent with regard to this action."

Refers to Note to England.
"As for the note to protest against British interference with shipping which has so often been notified and as often postponed, I learn that issue is delayed in consequence of the imminent declaration of cotton as contraband. The feeling which obtains amongst the Great American importers was accurately represented in Mr. Meagher's (Meeker?) speech summarized by Mr. Lansing at the time of its receipt in a statement issued on behalf of the ambassador."

ROCKEFELLER SPENDS NIGHT IN COAL CAMP

OIL MAGNATE HAS BUSY DAY
INSPECTING MINES

Eats Dinner in Miners' Boarding
House at Primero and Spends
Early Evening Talking With the
Men—Swings a Pick in the
Frederick Mine.

Primero, Colo., Sept. 21.—John D. Rockefeller, Jr., spent a busy day of inspection, in the course of which he swung a pick in the Frederick mine and ate luncheon on the porch of a rustic mountain cabin under the towering pines at Stonewall, the Standard Oil magnate late in the afternoon reached the Primero camp. Tired out with ten hours of motoring and tramping, Rockefeller announced that he would not return to Trinidad but would spend the night with the men in the camp. Before retiring Mr. Rockefeller ate dinner in the miner's boarding house, then spent the early evening talking with the men who had just come from the underground workings.

Trudges Through Tunnels.

Mr. Rockefeller's day of inspection began at the Frederick mine at Valdez, about fifteen miles west of Trinidad. There he donned blue overalls and jumper and trudged through two or three miles of narrow tunnels, perhaps a thousand feet below the crest of the hill into which the mine is driven. In one of the rooms where miners were toiling at the granite-like face of the coal, Rockefeller borrowed a pick and chopped away lustily until chunks of coal came rattling down to the floor to his immense delight.

Party Motors to Stonewall.

From Valdez the Rockefeller party motored to Stonewall, a summer resort in the shadow of the Sangre de Cristo Mountains and almost fifty miles west of Trinidad. There Mr. Rockefeller was guest of honor at a luncheon given by E. J. Radford, chairman of the state committee which expended \$100,000 of Rockefeller Foundation money for the relief of unemployed after the recent coal strike was called off. After the luncheon Mr. Rockefeller addressed the party, which included a number of Trinidad business men. Referring to the relief work, he said:

"My gentlemen have expended this money in a way that may well be taken as an example by charitable organizations all over the world. You have given no man a penny if he was able to work for it. The men have been able to work for every cent they received. This magnificent road on which we have come from Trinidad is proof that the work done by them was profitable and that they need not be ashamed of having accepted their wages."

The party returned as far as Segundo where Mr. Rockefeller continued his minute inquiries into working conditions. The next stop was at Primero, where Rockefeller and W. L. Mackenzie King spent the night.

EXPECT NAMING OF DUMBA'S SUCCESSOR WITHOUT DELAY.

Berlin, Sept. 21.—by wireless to
Tuckerton, N. J.—The Overseas News Agency gives out the following despatch from Vienna:

"Political circles expect that the foreign office without awaiting Dr. Dumba's arrival from the United States will detail Kajetan Mores von Kapos-Mores, former ambassador to Rome as ambassador pro-tempore at Washington."

is a partner in the Chicago firm of Armour & Co. who, with the firm of Swift, control the meat market of the whole western hemisphere.

"Mr. Meagher, whom I recently met on a yacht and whose acquaintance I already had made in Chicago, absolutely regards England as the leader in blockade."

"At the very moment they are paralyzed here at the action of the British admiralty."

"If England stood face to face with the danger of not being able to get any meat from the United States or Argentina, she would soon give in. What the immediate result here of making cotton contraband will be is hard to say. The anger of those interested in cotton will be enormously increased but on the other hand the fear of threatened confiscation may make the leaders of the cotton trust so yielding that they, against their better judgment may agree to the sale of the greater part of the present supply en bloc to England, who would be in a position in the future to control the whole cotton market and on peace being declared, to force on them the world's essential raw material."

(Signed) "DUMBA."

Copies Ready State Department.
Washington, Sept. 21.—Photographic copies of all the important documents taken from Archibald reached the state department by mail today. Cabled summaries of them were before President Wilson and Secretary Lansing when they determined to have Dr. Dumba recalled.

Revelations in Dr. Dumba's letters to foreign Minister Burian, followed by his admission in a personal interview with Secretary Lansing of plans for creating disturbances in American munitions plants led to the request for his recall.

The letter of Count Von Bernstorff summarized by Mr. Lansing at the time of its receipt in a statement issued on behalf of the ambassador.

RETREAT REACHES CRITICAL POINT

German Encircling Move-
ment Against Muscovites
Appreciably Tightens

REPORT SHOWS ADVANCE

Von Hindenburg's Right Wing
and Prince Leopold on Center
Make Important Progress

INTRODUCES BIG WAR BUDGET

LONDON, Sept. 21.—The German encircling movement against the Russian army which evacuated Vilna has apparently intensified and tightened and, with the retreat forces rapidly without rail communication their retreat seems to have reached the most critical juncture. There is increasing misgiving in England with regard to the outcome of the maneuver.

The latest Berlin communication shows important advances by Field Marshal Von Hindenburg's wing as well as progress by Prince Leopold of Bavaria on the center. The only development from the point of view of the allies as an offset to the continued rush of the Germans to the east is the news received from Paris that French troops have crossed the Aisne-Marne canal, a claim which Berlin concedes. The British front which has been so quiet for weeks, has been hammered by the German artillery but according to the British official report prompt retaliation by the British balanced the score.

McKenna Introduces War Budget.

London, Sept. 21.—The greatest war budget in the world's history was introduced in the house of commons today by Reginald McKenna, chancellor of the exchequer, as another step toward financing the war which is now costing Great Britain nearly \$25,000,000 daily. New military requirements and changed methods of warfare have created over night additional expenditures which had not been reckoned with even in the comparatively recent estimates of David-Lloyd George the munitions minister necessitating in this budget, the third since the outbreak of hostilities, the most drastic and far reaching taxes in the history of the country and involving free trade.

Hereafter automobiles, bicycles moving picture films, clocks, watches, musical instruments, plate glass and hats will pay a tax of 33 1/3 per cent ad valorem, though as Mr. McKenna explained, the objects of such taxation are "purely temporary and without regard to a permanent effect on trade," being primarily designed to discourage imports and remedy the foreign exchange situation.

Principal Blow Falls on Incomes.

Spirits and beer which have been the subject of so much agitation, remained untouched by the new schedules. The principal blow fell on incomes, the existing tax on incomes not only being jumped forty per cent but its scope widened so as to catch even working men earning as little as \$14 weekly. The very wealthy must contribute to the government more than one third of their revenue.

The one cent mail will be abolished entirely and the weight heretofore carried in the mails for two cents will be reduced. The rate on telegrams which is twelve cents for twelve words, is increased to eighteen cents and there is also to be a proportionate increase in telephone charges. The sugar tax, though largely increased, will mean only an extra penny per pound burden for the general public, for the sale of all sugar is now regulated by the royal commission which will reduce the price to refiners and dealers.

General debate on the budget is yet to be held but it was apparent that Mr. McKenna's suggestions were received by a virtually unanimous house. The chancellor said incidentally that he would have occasion to call on the country for another war loan.

MASSACHUSETTS PRIMARIES TODAY.

Boston, Sept. 21.—The primary balloting for nominations for state offices is under way in Massachusetts today. The Republicans have furnished the keenest contest, with former Congressman Samuel W. McCall and Lieutenant Governor Grafton D. Cushing the favorites. Former Governor Eugene N. Foss, who served several terms as a Democratic Governor, is also seeking the Republican nomination. Just how this campaign will split up the vote so a matter of speculation, but it is expected that McCall will win in the three-cornered contest. Hon. David I. Walsh, the present Democratic governor, is the hand picked candidate of the Democratic machine to succeed himself. Former Congressman Frederick S. Dietrich has been stumping the state for the nomination, but is not expected to poll many votes.

POLICE ARE WITHOUT CLUE TO MURDERER

SLAYER SETS FIRE TO ROOM IN
WHICH BODIES ARE FOUND

Firemen Find Body of Mrs. Favar on
Bed with Skull Crushed—J. C.
Crowell's Body is Found in Hall-
way Just Outside the Woman's
Room.

Memphis, Tenn., Sept. 21.—Police and detectives tonight declared they were without a tangible clue as to the identity of the person who early today killed a woman known here as Mrs. Marguerite Favar, an actress, and J. C. Crowell, manager of a Greenwood, Miss., oil mill, in a fashionable apartment building here. The murderer set fire to the room in which the bodies were found, in an apparent effort to destroy evidence of the crime. Firemen summoned by a janitor, who discovered the apartment occupied by Mrs. Favar on fire, found the body of the woman lying on a bed, her skull crushed and her feet charred by the fire which was enveloping the bed. Crowell's body was found in a hallway just outside the woman's room. His head was badly battered and his throat was cut.

The room was in disorder and the drawers to a dresser was ransacked which the police at first believed tended to confirm a theory that a burglar had committed the crime. This, however, was partially discredited when jewelry valued at several thousand dollars was found in the place.

Mrs. Favar was widely known as a dancer. She came to the United States from Australia about eighteen years ago and was said to have married Crowell, the land lender some years ago. Recently she toured the south at the head of a company of young women and located in Greenwood, Miss., several months ago when the company disbanded there. She came to Memphis last month to direct a musical performance for a fraternal organization and since has conducted private dancing classes.

The apartment which she occupied was leased under the name of Mrs. F. D. Tompkins.

Crowell, who was married was about 40 years old. Mrs. Favar's body will be held awaiting instructions from relatives in San Francisco.

GRANT ROADS TIME TO PREPARE PETITION FOR RE-OPENING OF CASE

Commissioner's Order Does Not Mean
That a Re-Opening of the Rate
Case is Assured.

Washington, Sept. 21.—The interstate commerce commission today granted a request by the railroads interested for time in which to prepare a formal petition asking for re-opening and re-argument of the western advance rate case so far as certain rates are concerned.

The carriers seek to re-open the case in respect to the rates on packing house products, live stock, fresh meats, grain and grain products. The commission's order today does not mean that a re-opening of the case is assured, but give the railroads ninety days longer, or until December 31, 1915, to comply with its original order in the western advance case, so far as the order affects the rates on these products. Before the end of the ninety days the carriers will be given an opportunity to present their formal petition for a re-hearing.

CALL TO POLICE RESERVES TO QUELL STRIKE DISORDERS

NEW YORK, Sept. 21.—Police reserves in Jersey City were called out tonight after freight handlers on strike at the Pennsylvania railroad yards and sympathizers had attacked police officers detailed for special duty near the camp's property.

Stones were hurled at the officers by the crowd but no injuries were reported. Two arrests were made and quiet was restored by the reserves. It was estimated today that 2,000 freight handlers in Jersey City were on strike. The terminals of all roads entering the city with the exception of the Central of New Jersey are partly tied up. The men quit work, they said, because the roads refused to pay them 25c an hour, with a higher wage for overtime and for work on Sundays and holidays.

EXISTENCE OF ORGANIZATION OF FAIR GUARDS IS THREATENED

SAN FRANCISCO, Sept. 21.—The existence of the entire organization of the Panama-Pacific Exposition guards has been threatened. It was reported today through the formation of a guard for the plant of the Westinghouse Arms & Ammunition Factory at Springfield, Mass.

About fifteen officers of the exposition guard, all of them former United States soldiers, are reported to have left the exposition to accept positions with the Westinghouse company.

KNOX COLLEGE OPENS.

Galesburg, Ill., Sept. 21.—Knox College began its seventy-ninth year here today with the largest enrollment in its history, more than two hundred having enrolled as students. The enrollment last year was 139.

VIRTUALLY SETTLE DETAILS OF LOAN

Formal Proclamation of
Success is Expected
in a Few Days

MAKE MORE PROGRESS

Size of Credit Will Be Under
\$800,000,000—Notes Issued
for Loan Will Run for 5 Years

MUNITIONS NOT DISCUSSED

NEW YORK, Sept. 21.—Borrowers and lenders of the vast sum sought in American on behalf of Great Britain and France were said tonight to be in virtual accord on all details of the proposed loan except two. It was said these were not of a prime importance. Formal proclamation of the success of the negotiations is expected within three or four days and possibly within 48 hours.

Very Nearly Together in Plans.

Persistent reports were current during the day that the entire matter would be settled tomorrow and that a formal announcement might be expected within twenty-four hours. This, in view of the fact that the negotiators, was said to be a bit premature. But there was a unanimous confirmation of the report that both parties to the proceedings were very nearly together in their plans.

More progress was said to have been made today than on any other two preceding days. A rough inventory of what was accomplished, it was said, would read about as follows:

Members of New York's so-called pro-German banking houses, will help float the loan.

To Be Less Than \$800,000,000.
Munitions of war no longer enter into the topics discussed. While it cannot be guaranteed that they will be excluded from the loans operation, it is the present tentative plan to continue paying for them by shipments of gold and American securities from London and Paris to New York. The size of the loan has been definitely agreed, to subject, of course, to eleventh hour revision. It will be less than \$800,000,000, probably \$700,000,000 or thereabouts. The notes issued for the loan will run five years. These notes will carry a conversion privilege titling the holders to surrender them at maturity if desired for Joliet Anglo-French government bonds bearing four and one half per cent interest and covering a period of probably twenty years, redeemable however, at the option of Great Britain and France before maturity and at the conclusion of a term not as yet disclosed.

Pledge Support to Project.

Members of at least two big financial institutions regarded as pro-German in their sympathies were said to have pledged their support to the project and others were expected to fall in line. One of the two was Kuhn, Loeb & Co., whose power in the financial world has been rated as second only to that of J. P. Morgan & Co. The firm itself will not subscribe to the issue, it was said, and no authoritative announcement whatever has been issued in its behalf.

Mortimer M. Schiff, a member of the firm was present at a luncheon given by the commissioners today by A. Barton Hepburn, chairman of the Chase National.

Otto Kahn, another member of Kuhn, Loeb & Co., it became known today has conferred with Lord Reading, chairman of the commission, on three occasions.

On the other hand Jacob H. Schiff, also of the firm, was said to have subscribed to the third German war loan now being offered here.

Other powerful financial interests it was said, also were willing to subscribe to the Anglo-French loan. This report was strengthened by the presence during the day of William Rockefeller and Henry C. Frick at the office of J. P. Morgan & Co.

Mr. Morgan has been devoting virtually his entire time recently to the negotiations and it was announced that some of the Rockefeller and Frick millions would be invested in the Anglo-French notes.

BOND ELECTION AT JACKSONVILLE

Jacksonville, Fla., Sept. 21.—A special election is today being held in Duval County, to decide whether an issue of \$300,000 will be made, to wipe out the indebtedness of the County. The bonds are to carry five percent interest.

CHARGE FOUR BOYS WITH DEATH OF PLAYMATE.

Mattoon, Ill., Sept. 21.—Arnold Cook, Eugene Gans, Monte Criss and Harry Maloney, whose ages range from thirteen to fifteen years were arrested tonight in connection with the death of a playmate. In July it is alleged, they stabbed Charles McLellan, a comrade and threw him in the river. The body was found in the water today.

CHARGE THREE BANKERS WITH EMBEZZLEMENT

DUBUQUE MEN ARE BOUND OVER TO
FEDERAL GRAND JURY

Cashier, Teller and Second Teller of
Dubuque National Bank are Charged
with Being Responsible for
Shortage.

Dubuque, Iowa, Sept. 21.—George J. Hohmann, cashier, Joseph F. Haggan, teller and Charles R. Siegel, second teller of the Dubuque National bank who were arrested today by a United States marshal charged with embezzlement, misappropriations of funds and making wrong entries in the bank's books, were immediately arraigned and waived preliminary examination. They were bound over to the federal grand jury on bonds of \$5,000, which the furnished.

The warrants were sworn out by Ellis D. Robb and H. E. Haugen, National bank examiners who have been working on the books of the bank for two weeks.

The disclosures have caused a sensation in Dubuque where all three men were prominently identified socially and in a business way. The defendants are said to have turned over property and securities to the bank sufficient to cover the amount of the alleged shortage. The bank also are protected by their bonds. The bank will continue operations as usual this permission having been granted by the examiners with the statement that the institution is perfectly solvent. Fears of a possible run following the announcement of the arrests caused the local clearing house to make arrangements to stand back of the Dubuque National. Directors issued a statement to the public saying that the bank was amply able to take care of its obligations.

BRYAN'S COUSIN AND COMPANION ARE DROWNED WHILE FISHING

DILLON, Mont., Sept. 21.—Sheriff Bruce M. Bryan of Deer Lodge county, a cousin of William Jennings Bryan, former secretary of state, and his under-sheriff, Charles Madison, were drowned this afternoon while fishing at Elk Lake, near Mondak. The men, with their wives, were fishing from a raft, when it began to submerge. Both men jumped into the lake to give the raft buoyancy enough to support the women. Neither reached the shore. The women were rescued. The lake is in the crater of an old volcano and its depth may prevent the recovery of the bodies.

BUSINESS CONDITIONS THROUGHOUT COUNTRY SHOW IMPROVEMENT

Members of Federal Advisory Council
Hold Quarterly Session With
Federal Reserve Board.

Washington, Sept. 21.—Business conditions throughout the country are showing improvement and trade generally is picking up, according to members of the federal advisory council which held its regular quarterly session today with the federal reserve board. Although several members of the council did not attend the session, virtually every section of the country was represented. The discussion of conditions was brief but the opinions expressed were identical in tenor, that improvement is apparent. The council did not take up the credit loan by American bankers to the allies. It considered some of the technical banking problems now before the board including differential rates for trade acceptances; special rates for commodity paper; the board's future course on discount rates; establishment of a joint foreign agencies and the liberalization of the national bank act.

WILL ASK WILSON TO RECOMMEND RECLAMATION OF SWAMP LAND

SAN FRANCISCO, Calif., Sept. 21.—President Wilson will be asked to recommend to the next congress federal reclamation of 80,000,000 acres of swamp and overflow lands as the result of a resolution adopted here today at the final session of the fifth annual session of the National drainage congress. The resolution also called for the appointment of a committee to present the matter to President Wilson, endorsed the terms of the Clark-Williams bill and the "underlying principles of the Newland-Brossard bill, both of which relate to the care of the Nations waters."

HURLEY TRIAL IS SET FOR NOV. 1.

Lincoln, Ill., Sept. 21.—The trial of Daniel Hurley, Jr., 19 years old, who is charged with the murder of his 17 year old sweetheart, Miss Katherine Roller last April was today set for November 1st, by Judge T. M. Harris.

When Hurley was arrested last spring in connection with the death of the girl he admitted giving her poison but insisted he did so only at her earnest entreaty.

PROMOTE GERMAN REAR-ADMIRAL.

Berlin, via London, Sept. 21.—The promotion of Rear-Admiral Von Reuber-Paschwitz to vice-admiral was announced today. He was formerly naval attaché at Washington and commanded a German squadron that visited the United States in 1912.

CONDITIONS ARE BECOMING NORMAL

Consul Blocker Describes
Situation in Carranza
Territory

REPAIRING RAILROADS

Open Telegraph Communication
—Despatch of Mails to Mexico
City is Resumed

STRENGTHEN EL PASO FOCRES

WASHINGTON, Sept. 21.—Conditions in Mexican territory controlled by General Carranza are rapidly becoming normal, according to advices to the state department today from American Consul Blocker at Piedras Negras. Telegraphic communication, which for many months has been paralyzed is now open to Mexico City as well as Saltillo, Monterey, Zacatecas, San Luis Potosi, Guanajuato, Aguas Calientes and intervening stations.

Forward Mail to Capital.

Railroad communication is in the process of repair and rapid strides are being made according to official advices. The despatch of mails to Mexico City has resumed according to an announcement from the post-office department here today and mail for the capital and outlying districts which had been accumulating at the border, is being forwarded via Laredo.

Consul Blocker, describing conditions at Piedras Negras, stated that the Carranza administration was extending guarantees to all foreigners and had distributed circulars to soldiers warning them that any molestation of peaceable people and their property would result in severe measures of punishment.

No Political Developments.

There were no political developments in the Mexican situation here today, except for the arrival of General Manuel Chao, recently in the field with General Villa, who joined Roque Gonzales, Garza and others who were anxious to lay their viewpoints before Secretary Lansing and the Pan-American conference. They will not be received at the state department until the return of the secretary next week. In the meantime the activity of General Villa's forces is being watched with considerable interest. According to official information, he has ordered a general withdrawal of his forces toward Juarez, the purpose apparently being to transfer them to Sonora. The Villa agency here emphatically contradicted reports that the mobilization of Villa troops at Juarez had any sinister aspect with respect to conditions with the United States.

Re-inforce El Paso Garrison.

The seventh infantry and the fourth artillery regiments were ordered from Galveston to strengthen the El Paso, Texas, garrison, bringing its full strength to three regiments of infantry, a regiment of cavalry and twenty eight pieces of artillery, a total of about 4,000 men. General Villa, it is understood intends to concentrate his men in Sonora and wage vigorous warfare against Calles the Carranza commander.

TAKES APPLICATION UNDER ADVISEMENT

Springfield, Ill., Sept. 21.—The public utilities commission took under advisement today an application of the Union Station company of Chicago for permission to make a fifty million dollar bond issue. Those appearing before the commission were F. J. Loesch, counsel for the Union Station company; W. G. Baird, president of the Chicago & Alton railroad; J. A. Connell, counsel for the Chicago, Burlington & Quincy.

TWO THOUSAND CHICAGOANS TO ATTEND RALLY AT FAIR.

Chicago, Sept. 21.—Two thousand Chicago Republicans left tonight to be present at Republican Day tomorrow at the state fair at Springfield. They occupied four special trains.

DECISIVE MAJORITY FAVORS COMMISSION PLAN

At the special election held Tuesday 2,789 voters of the city declared in favor of the commission form of government and 1,445 against it. Considering the fact that the total vote for mayor at the election April 20th was 5,780, gives the basis for stating that the people were fairly represented at the polls.

For a number of days those who believed in the commission form of government, or who at least believed that the present time was not opportune for a change, had the feeling that some hard work was necessary, but on the eve of election and during the day the fact became more and more apparent that there was no strongly organized effort in favor of a change to the aldermanic system. Confidence in the present city administration had as much or more to do with the result than absolute certainty as to the superiority of the commission form of government. The general feeling was when the present officers were chosen by the people last April that, considered as a whole, they measured up well with the average of officials who have served Jacksonville in years gone by. And another and a very strong reason for the result can be found in the fact that the idea of virtually recalling an entire city council practically in the beginning of their administration seemed to the average voter very unfair. People have prejudice and have political bias, but the average man and woman, when it comes to a matter of absolute unfairness, can find it in the heart to set aside these personal matters. So it can be said that this feeling that present officers had at least done nothing to do at this time justify such a radical action as recalling them, influenced the result in a large way.

The commission form of government has in it many good points designed for the protection of citizens, but even its most profound advocates must admit that the Illinois statute is not perfect, and by a comparison with like laws in some other states, needs amendments. There should not be too much chaffing either, about the annoyance and expense caused by this election because this election and others of the same kind are possible under the commission form. The election was brought about very largely through the influence and work of one man. He and those most active with him, together with the persons who signed the petition, acted within their rights, and to severely criticize them or to impugn their motives is in reality a criticism of the law which gave them the right to take the action that they did.

The election has caused an unnecessary expense—has caused some delay in city affairs—but it is entirely possible that good may come out of it for the city and that the present officials, stirred somewhat by criticism they have heard within recent weeks, and inspired somewhat by expressions of confidence given by word of mouth and by the ballots of the people, may press forward with still greater zeal for the accomplishment of those things that are desirable for Jacksonville. It is probable that the city officials will recognize that they received in this election the support of voters who who were for other candidates at the previous election and they will recognize that this support was given by some voters, who, while not fully persuaded as to the benefits of the commission form by comparison with the aldermanic form, felt that the officials had done nothing to merit such ignominious ousting at this time. There were men and women who opposed the change but who would have voted and lent their influence otherwise had they been actuated by merely selfish motives.

Prior to the election there was considerable talk from time to time of the advantage which would accrue to the Republican party by a return to the aldermanic form. It is recognized that Jacksonville is a Republican city, and it may be taken, therefore, as a foregone conclusion that under the aldermanic form the Republicans would have a majority in the city council. It was pointed out that four out of five of the present city officials are Democrats, and that in view of the approaching national election that it would be helpful to the party organization to control municipal government. This was not a baseless argument, yet a great many Republicans joined in the successful effort to retain the present form. Like a great many others, they set aside all personal prejudices, believing that in supporting the present officials they were doing the best thing for Jacksonville and so they preferred to act in the larger way.

Altogether the result can be put down as satisfactory and the people have given a vote of confidence in their city and their officials, and as can be said truthfully on the day

after any local election, it is the time now to forget all about the past and with a united citizenship to press forward for the solution of every problem in the way which will tend toward the betterment of Jacksonville.

Future Promises Well.

The recent officers of the city have good reasons for feeling pride on account of the vote of confidence given them at Tuesday's election. The brief interviews had with all of them after their result was known indicates that they have that feeling of pardonable pride and also intense desire to serve the city well. The election has put an end to differences and has placed the administration on a solid footing. There will now come the opportunity for progress.

With capable officials in charge, established more firmly in the confidence of people, the financial affairs of the city in steeper shape, there are good reasons for believing that the remaining time of the administration will be one of desirable activity, attested by improvements of recognized value.

CITY OFFICERS ARE GRATIFIED BY RETURNS

CONFIDENCE EXPRESSED BY PEOPLE GIVES INSPIRATION, FOR BEST EFFORTS.

Mayor and Commissioners of One Mind that this is the Time to Forget the Past and Look Toward the Future—Will Seek to Accomplish Results Beneficial to All Citizens.

The city officials who were continued in office by the will of the people as expressed at the election yesterday were naturally very much pleased with the result. The mayor and all four commissioners were asked for statements last night.

Mayor H. J. Rodgers—"Members of the commission cannot but deeply appreciate the confidence of the people as evidenced by the vote cast in this election. It is gratifying to notice that the support given to the present form of government and thus to present officials has come from all parts of the city. It seems to me that it may readily happen that some benefits will accrue to the city from the election. There has seemingly been a period of turmoil and complaint and this election I believe, has served as a sort of clearing house, for these objections of whatever kind. I believe therefore that the election will serve the purpose of clearing the atmosphere in such a way that the people will now join hands and make a united effort to proceed with those policies which are for the best interests of Jacksonville and all its citizenship.

"We all want this administration to be one of active, earnest work and to accomplish real results for the betterment of the city. This can only be done satisfactorily when the great majority of the people lend their aid and sympathy. As I have said an analysis of the vote cast today reveals a feeling of confidence in the present form of government almost evenly distributed throughout the city. It is noticeable that the women's vote cast in favor of the present form is much the same as the vote in the election in April, and indicates that the women of Jacksonville are unwavering in their stand for what they consider to be for the general well being of the community. The women have evidenced that they can set aside matters of personal prejudice and opinion and make up a practically united movement toward what they consider the most desirable results.

"The election has put affairs on a more stable footing and has settled for some time to come the kind of government that the people want. There should come a period of advancement and it will come. Let's everybody forget all about the past, and earnestly press forward to those things which are before."

Jerry Cox—"The result is naturally very gratifying to me and I can join with other commissioners in expressing appreciation for the confidence shown by the voters of the city both men and women. The result of the election gives certain permanency to our term of office, makes progress possible along many lines, and I am sure that members of the council will be one in a united effort to accomplish the very best things they can for Jacksonville during the coming months and years."

J. Edgar Martin—"Like my associates, I greatly appreciate the confidence in the present commission shown by the voters of the city both men and women. The result of the election gives certain permanency to our term of office, makes progress possible along many lines, and I am sure that members of the council will be one in a united effort to accomplish the very best things they can for Jacksonville during the coming months and years."

Joshua Vasconcellos—"I certainly appreciate the confidence the people have shown in the present commissioners. We will not betray that confidence, and I know that it will be the purpose of the members of the council to handle the city's business as if it were their individual business. Judging from the figures, it looks to me that the people that made Jacksonville a dry town want a dry commission to handle its business for a time and see what can be done for this good city. I am only sorry that the money that is so badly needed to pay the city's obligations, had to be thrown away for such a farce as this election, yet some good may come from it."

William F. Widmayer—"I have at no time had any ill feeling because the recent election movement was started but I am of course pleased by the results and the strong support given by the voters. I was not disturbed about result because I have confidence in the people and believe that as a rule when they understand the circumstances surrounding any given situation that they are fair minded. In the campaign just closed it was a matter of education and conviction and as soon as the people thoroughly understood what the change would really mean the great majority took the reasonable and fair minded course. This expression of confidence is as I say very gratifying and I feel sure will serve to spur on city officials to use their very best efforts for the up-building of Jacksonville. I believe that the election will also have the good result of bringing the people together making them forget their differences and prejudices and influencing them to pull together for the common good."

FUNERALS

Schofield.

Funeral services for the late Mrs. Macy L. Schofield were held from the M. E. church at Lynville Tuesday afternoon at 2 o'clock. Services were in charge of the Rev. F. A. McCarty. There was a large number of relatives and friends gathered to pay respect to the memory of the deceased. Music was furnished by a quartet composed of Mrs. Hubert Littler, Mrs. Frank Ranson, Miss Lela Potter and Miss Avanda Potter with Mrs. William Ranson at the piano. There were many floral offerings and these were cared for by Miss Mary Fearey, Miss Mildred Gibbs, Mrs. Bernice Coultas and Miss Jessie Master.

Interment was in Diamond Grove cemetery and the bearers were: C. H. Gibbs, O. C. Coultas, Charles Potter, Frank Masters, William Lazenby and William Stringer.

Samuel R. White of Bloomington was in the city yesterday on his return from Alexander, where he adjusted the fire loss on a barn recently burned on the farm of Gates Strawn.

In Count Tolstoi's Masterpiece, the Woman Who Dared,

"Anna Karenina"

A heart gripping story of a love-starved woman's struggle for happiness. Anna Karenina, the heroine of this remarkable drama, is the wife of a Russian diplomat high in the councils of his country. This man cold, reserved and wholly wrapped up in his duties gives neither time nor attention to his young and beautiful wife. Anna, though she respects her husband and adores her little son yet craves the love which she feels is the right of every woman, and when Count Wronsky, a handsome young cavalry officer, enters her life and offers her the admiration and devotion which are denied her in her home she eagerly grasps her chance for happiness. The inevitable result follows. Rich and beautiful she is and of exalted social position, Anna finds that she cannot defy the conventions. She is cast off by her husband and denied a sight of her son. Her former friends desert her; she is an outcast from society where she formerly reigned a queen. At the last she even begins to distrust her lover, the man for whom she gave up everything. Worn by her unequal struggle, and without position or reputation Anna finds this last blow too much to bear and she seeks a release from worldly sorrows.

THE JOHNSTON AGENCY

TESTIFIES MAYOR BELL SOUGHT TO OBTAIN SUPPORT FOR LYONS

Former Saloon Keeper Testifies at Trial of Indianapolis Executive.

Indianapolis, Ind., Sept. 21.—Mayor Joseph E. Bell, who is on trial charged with election conspiracy sought to obtain support in the primary of May 5th, 1914 for Edward Lyons, a candidate for nomination for county treasury on the Democratic ticket, according to Harry Rodocker, a former saloon keeper, who was a states' witness today.

The witness said Thomas Taggart who was indicted with Bell, was in the room when his conversation with Bell took place, but that Taggart had nothing to say.

"Bell sent for me and told me that he would like for me to support Edward Lyons," testified the witness. "I said I could not see it that way."

In obtaining testimony from Rodocker, Prosecutor A. J. Rucker, frequently had to refresh the witness' memory from his testimony before the grand jury. The defense made no attempt to cross examine Rodocker, neither did it question Dr. Moses Leeth, former deputy coroner, who at the morning session testified that Fred Barrett, Democratic county chairman and one of the men indicted told him that "Ed Lyons will be nominated, no matter who gets the most votes."

BANKERS INDORSE INVESTMENT OF AMERICAN CAPITAL IN EUROPE

DENVER, Colo., Sept. 21.—The investment of American capital in Europe at the present time was indorsed today by the convention of the investment bankers' association of America in session here. The delegates expressed approval of a policy of extension of foreign credits, "not as indicating either partiality or prejudice but solely as a matter of business and practically as a necessary outcome of existing conditions."

RETURNS SHOW SHARP CONTEST FOR REPUBLICAN NOMINATION

BOSTON, Sept. 21.—Approximately forty per cent of the vote cast in today's primaries showed a sharp contest for the Republican nomination for Governor, between former Congressman Samuel W. McCall and Grafton D. Cushing, with indications that McCall had won by a plurality of about 3,000. Cushing carried Boston by 1,314 but the lead was overcome by McCall in the early returns from the smaller cities and towns. The vote for former Governor Eugene N. Foss was comparatively small.

Governor David I. Walsh for re-nomination had an easy race against Frederick S. Dethrick, the only other contender for the Democratic nomination.

MR. HAIRGROVE SAW SURE DEFEAT COMING, HE DECLARES

Leader of the Believers in Aldermanic Government Plan Deserted by Allies—Varying Causes Contributed to Bring About the Result.

William N. Hairgrove who was in acknowledged leadership of the forces that sought a return to the aldermanic form of government was neither pleased or surprised by the emphatic vote the people recorded in favor of the commission form. Mr. Hairgrove in response to a request for a statement last night wrote the following, giving the causes of defeat as he sees them and making some general observations as well.

"I am not at all surprised at the result, when I visited the polls at ten o'clock Tuesday morning and saw the 'line up' up on the one side and who was absent of the 'line up' on the other, I placed the figure at two to one in favor of the present form of government and am much pleased that it did not come to that figure.

"You wish to know to what I attribute the defeat of the aldermanic form. Well, to various things; in the first place it was made a personal matter, when in fact it was not a personal matter but a matter of form of government. The impression was given out that there was personal 'revenge' desired on Mr. Rodgers, when that was far from the truth. Nothing personal was requiring revenge, his relations and mine through all of our acquaintance, from boyhood to now, have been friendly. The women deal much in personalities. These have furnished the theme of their daily life in the years gone by and they are not yet able to get away from trivial personal affairs. The women grasp those affairs more readily and those relations appeal to their sensibilities more tenaciously than affairs of forms of government, but they will get over that when they more fully realize the responsibilities that should come for them to share in matters of government. When they do they will quit having a 'bell wether', signing pledges and wearing badges. They will be just as subtle as the men when they get 'onto the game' and will not go in flocks like sheep being herded in. My observation of women leads me to believe that when they do 'get on', and with the time they have to spare they will be able to play it wisely. 'Bell wethers' must make the most of their day, it will come to a sad end. I am not a prophet but remember I said that.

"The women of course contributed largely to the result, having an entirely fallacious view of the issues. They had 'wet' and 'dry' as an issue, when that was as foreign as the phases of the moon.

"The fact that the present commissioners and mayor would be put out of office, and they being men who justly stood far above the average, in the estimation of the public, was another personal matter which had a bearing and a strong one. The fact that the mayor and each commissioner worked actively all election day, together with many of the city appointees who were at the polls all day, was another strong factor.

"The further fact that 1471 voted for the commission form some four years ago and only 837 against gave the commission form a good, strong lead, but the fact that over two hundred men less voted for it this time would indicate that the 'new girl' was losing her attractiveness already.

"We were weak in several ways that were vital. First, we lacked the 'sineus' of war' finance, our campaign fund was less than \$100. We lacked newspaper support, and while one paper said practically nothing as to the form of government, it kept playing on one string faithfully, 'now is not the time', and it thumbed some on another chord of the same string to 'give the present officials a chance.' Both notes were seductive, but neither applied to the form of government.

"The other paper had taken some lessons from the European conflict and was using smells and trying to stink every one out. It may have terrified some who would have assisted in the fight because they did not want to be sprinkled by the cat. In addition to the weakness before mentioned I found on election morning that something had happened to some of the strongest men that I had in prospect to work at the polls. They were conspicuous by their absence. In fact the pump has been primed in the vicinity to such an extent that it has to be primed before it will pump. Then many good people believed from falsehoods published and circulated that certain interests antagonistic to the public interests were back of or had something to do with the movement. That hurt in many ways.

"I consider the showing made at the polls a very creditable one under circumstances at this time.

"As to the future; that depends; the law must be amended by reducing the recall from 55 per cent, the power of the commissioners to fill vacancies of over a year, must be taken from them and the right given to the people to elect and the city officials must reduce their salaries or each give his undivided time and be efficient or instead of re-electing commissioners at the expiration of the term of present incumbents, the people, who by that time will not be blindly led, will go to a representative form of government; a free people will not long be governed by a single power. I mean by that one power which legislates and is the executive of its own legislation. No greater power lies in the hands of any monarch. We must have the power returned to the people in some way and it will be done, because it belongs to them and they will take it when they awaken."

SENSATIONAL CASE ON TRIAL IN CINCINNATI

Evidence Will Be Introduced to Show Child Wealthy Widow Claims Was Kidnapped Never Existed.

Cincinnati, O., Sept. 21.—When the court hearing is resumed here today in the sensational proceedings brought by Mrs. Estelle Cooper Gay to secure possession of a son who, she claims, was kidnapped and hidden from her, it is expected that evidence will be introduced to show that the child she claims never existed. The beautiful widow came from New York some three weeks ago, claiming to have had a child here, born June 9, 1913, whose father she claims was John C. C. Mayo, multi-millionaire coal operator of Paintsville, Ky. She told the police that she had received \$500 per month from Mayo, and that she is suing the Mayo estate for a share of the fortune left by the millionaire.

The question whether Mrs. Mayo gave birth to the child which she claims has been kidnapped and hidden has stirred lively partisan discussion in a large part of Ohio and Kentucky. Dr. S. J. D. Meade, whose name has been brought prominently into the disclosures of the New York widow, declares there is no truth in her statement that he attended her during the birth of her child.

An application for a writ of habeas corpus was filed in the Common Pleas Court by Mrs. Gay, which resulted in a hearing on Sept. 7. The writ was directed against Dr. Meade and his mother-in-law, Mrs. Laura Mullin, who have answered that they have no knowledge of the child of Mrs. Gay and denying that the child had been wrongfully imprisoned or detained by them. Mrs. Gay told her story on the witness stand, giving details of her life with the late Kentucky millionaire. Congressmen, senators and politicians were brought into her story. Even the last Democratic convention at Baltimore, played a part in her weird tale. She told of their travels together during the last three or four years of Mayo's life, how she would sing to him, entertain him, and soothe him when his brain was racked with business worries.

Mrs. Gay is the daughter of the late Judge Cooper of Mt. Sterling, Ky. She has sung in opera, and is known for her great beauty. Her romantic, pathetic life story has caused no end of gossip. She claims that the late millionaire John C. C. Mayo was very proud of their child, and planned to settle a half million dollars upon him, but died before carrying out the plan. Without a scrap of documentary evidence, and with only her word against that of the doctor she accuses, Mrs. Gay is fighting for the possession of the child.

According to her story, she met Mayo after the death of her husband. He took great interest in her and took her with him from city to city as his "niece". An unlimited supply of money was at her command. At times Mayo's wife would travel with him, she says, and the "niece" on those trips would travel in a separate car. Then when the child came, she says, the millionaire, fearing that the disclosure would ruin his political chances, took measures to keep the matter quiet. The child was born and cared for in Cincinnati, she says, and Mayo paid fifty dollars a week for its care. Later, she says, he was to formally adopt it and allow the boy to share in the Mayo fortune.

The mysterious man named "Jack" figures in the story of Mrs. Gay. This man of mystery asked her to say the baby had died. She claims "Jack" has told her that "a lot of girls disappear and she would, too, if she didn't tell the lawyers the child had died". She claims to have seen the baby in July, 1914, but at the request of Dr. Meade, told business associates of Mr. Mayo that the child was dead.

Mrs. Gay claims threats were made to put her in a lunatic asylum, and that while she was ill in the Roosevelt hospital in New York an attorney for the Mayo estate told her that he had her where he wanted her and hoped she would starve to death. She claims that her trunk was seized by Dr. Meade at a local hotel and letters vital to her case were taken. She charges that Attorney Stewart of Ashland, Ky. representing Mrs. Mayo, told her to write incriminating letters and documents.

IOWA MERCHANTS IN BIG CONVENTION.

Dubuque, Ia., Sept. 21.—A full thousand prominent business and professional men of Iowa were present this morning when the seventeenth annual convention of the Iowa State Retail Merchants' Association was opened. The reduction of the cost of living will have prominent part in the discussion of the experts who make up the long list of speakers. The state university will furnish experts to discuss all phases of present day subjects. How to reduce operating expenses, improve service, and give the consumer the benefit of prices will be taken up. J. H. Schaefer of Davenport is presiding at the convention, which will extend until Thursday.

CARRIAGE BUILDERS DEFY AUTOS

Cleveland, O., Sept. 21.—The growth of the automobile industry does not seem to interfere with the enthusiasm of the carriage builders of the United States, who opened their 43d annual convention here today. The statistical committee of the association will show in its report that nearly one million buggies and surreys were manufactured by the association members during the past year. The convention and exhibition will extend until Thursday evening. A thousand carriage builders are in attendance.

POLISH ALLIANCE CONVENES.

Passaic, N. J., Sept. 21.—The biennial convention of the Polish National Alliance of America, a fraternal organization, opened here today. There are over 100 branches of the alliance in states east of the Mississippi and delegates from each are attending. Bishop Francis Hudo of Scranton, Pa., head of the Polish National Church in America, is among the speakers.

BUBONIC PLAGUE.

After a lapse of nearly a year a case of human plague occurred in the city of New Orleans on the 27th of August. This case was confirmed as true bubonic plague on September 8th. The epidemiological investigations as to the exact source of the infection have not yet been completed but it is believed that it was probably received in the city of New Orleans. Up to date over 91,000 buildings in that city have been rat-proofed and over 435,000 rodents have been captured in traps alone. The occurrence of this case demonstrates the difficulties surrounding the eradication of the disease and indicate that had it not been for the active co-operative efforts of the United States public health service and of the departments of health of the state of Louisiana and the city of New Orleans, the outbreak would have reached greater proportions and would have been longer continued. It also points out to other cities the necessity for adding themselves of the rodent carriers of the disease and of thoroughly rat-proofing all of their buildings. No fear is felt that this case will be followed by an outbreak. Officers and men of the public health service, well trained in the control of the disease, are on the ground and with the health authorities of the city of New Orleans are taking every precaution to prevent the spread of the disease from the city and within it.

AUTOMOBILES

A few automobiles managed to get to the city through the mud and some of them carried a lot of real estate with them.

J. E. Shivers and wife were down from Ashland having with them in their Ford car Miss M. C. Douglas. Mr. Shivers has recently returned from a journey of well nigh three thousand miles with his Ford car through the east visiting various points in New York and elsewhere, taking in the great city, Niagara Falls and other attractions.

Harvey Van Dyke and Joseph Munson came down from Springfield yesterday in their Ford car. They encountered a number of fearful mud holes and in one of them the car was turned around but they righted it and arrived all right in Jacksonville.

Oscar E. Petefish brought his family down to the city from Liberty yesterday in his I. H. C. car.

Edward Petefish and family came over to the city yesterday from Virginia in their Maxwell car.

John Morris and family made a trip from Chandlerville to the city yesterday in their Studebaker car.

M. L. Robinson of Prentice made a trip to the city yesterday with his family in his Hudson car.

Mr. and Mrs. Jesse Woodall of the vicinity of Winchester made a trip to the city yesterday in their Overland car.

Charles Cully of the east part of the county visited the city yesterday, coming in his Mitchell car.

Bert Rawlings from the southeast part of the county came to the city yesterday in his Mitchell car.

Robert Coates of the region of Lynville made a trip to the city yesterday in his Michigan car.

BACK FROM MONTANA.

Mr. and Mrs. L. O. Vaught returned to Jacksonville Tuesday morning after spending the summer near Lake McDonald, Montana. Dr. C. H. Rammelkamp and Ralph I. Dunlap of this city, and George W. Govert of Quincy, were with them a part of the time. Mr. Govert having remained until Sept. 9. Mr. and Mrs. J. G. Dinwiddie, formerly of Jacksonville, were also at the Vaught camp for some time and subsequently Mr. and Mrs. Vaught were their guests at Somers, Montana. Somers is at the north end of Flathead Lake, and Mr. and Mrs. Dinwiddie have a very pleasant home there and some extensive holdings. They like life in the west and are prospering. Mr. Vaught said yesterday that the wheat crop in Montana and the northwest is enormous this year. Many fields were so heavy with grain that the farmers had difficulty in getting it out. In that semi-arid country there has been a great deal of rain, too, this season, something that has heretofore been practically unknown. Both Mr. and Mrs. Vaught return to Jacksonville greatly refreshed by their summer stay in the west.

Mrs. J. H. Fountain of Chapin was a Tuesday shopper in the city.

Mothers Tell of Mother's Friend

Experience is or should be our best teacher. Women who have obeyed the highest and noblest of all sacrifices, the struggle for the life of others, should have a better idea of helpful influence than those who theorize from observation. At any rate when a prospective grandmother urges her daughter to do as she did—to use "Mother's Friend," there is ample reason to believe it the right kind of advice.

"Mother's Friend" is an external application for expectant mothers. Its purpose is to furnish pliancy to the muscles, to take away the strain on the cords and ligaments, to relieve the tension of nerves and tendons so apt to provoke or aggravate nausea, morning sickness, twinges of the limbs and so on. Although, in the nature of things, a woman would use "Mother's Friend" but rarely, yet so effective has it been found that this splendid remedy is on sale in most drug stores throughout the United States. It has been prepared by Bradford Regulator Co., 506 Lamar Bldg., Atlanta, Ga., and advertised by us for over forty years. This is a fine record for such a special remedy and the grateful letters received to-day are just as appreciative as were a score of years ago notwithstanding that methods are supposed to have greatly advanced. Ask at the drug store for a bottle of "Mother's Friend." It is worth while.

What is said herein of "Mother's Friend" is but a repetition of the thoughts expressed by thousands of happy mothers who have successfully used this splendid external application.

Combing Won't Rid Hair Of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and never fails to do the work.

BARNES PITCHES MAGNIFICENT GAME.

Boston Twirler Allows Only Four Scattered Hits and No Runs After the First Inning—Giants and Cubs Split Double Bill.

Cincinnati, O., Sept. 21—Barnes pitched a magnificent game after the first inning allowing only four scattered hits and no runs and Boston easily won the last contest of the series from Cincinnati. In the first inning, Barnes pitched three hits, one of them a two bagger which, with two stolen bases, gave Cincinnati two runs. After that inning not a Cincinnati player reached second base.

'MORNING GLANCES' (By Gosh)

Chicago and New York broke even in a double header yesterday, the Giants winning the first game, and the Cubs the second. In the first game both teams hit the ball hard. New York getting 12 hits and Chicago 10. In the second game Lavender outpitched Palermo and Ritter.

Boston beat Cincinnati yesterday by a score of 4 to 2. Barnes held Cincinnati to seven scattered hits. Cincinnati got three hits in the first inning which netted two runs. After that inning not a man got to second base. The Braves got nine hits off Lear, Dale and McKenery.

St. Louis and New York broke even in a double header yesterday. New York winning the first 3 to 0 and St. Louis the second 5 to 3. St. Louis won the second game by bunting hits off Caldwell in the fourth inning, scoring four runs.

St. Louis beat Baltimore yesterday by a score of 5 to 2. St. Louis won the game in the fifth inning when they scored three runs on three doubles and a single.

Kansas City beat Brooklyn yesterday by a score of 4 to 1. The game was listless aside from the pitching of Cullop who held Brooklyn to two hits.

Chicago took a double header from Newark yesterday by scores of 5 to 4 and 9 to 6. The pitching in both games was poor and Newark contributed to the run getting in the second by errors.

Pittsburgh beat Buffalo yesterday by a score of 2 to 1. Bedient outpitched Allen but fast support kept Buffalo from scoring.

MOLINE WINS THREE EYE LEAGUE CHAMPIONSHIP FOR 1915

DAVENPORT, Iowa, Sept. 21.—By winning today's game Moline became champion of the Three Eye League for 1915. Davenport won the first half of the season and Moline the second half. Today's game was the sixth of the post-season series to decide the championship for the entire season.

Davenport secured six hits off Graham, but despite three errors by Moline, the locals were able to make two runs, while Moline secured three runs from eight hits.

Send Your Collars to Us if You want them to last. We guarantee to increase the wearing life of your collars one-third Doesn't this mean something to you? It Should.

Collars sent to us are molded on our Prosperity Molding machine instead of being ironed in the old way. The new method preserves them because it doesn't break down the edges.

Not only are collars taken care of as they should be in our Laundry, but the same careful attention is given to all fabrics—from cotton to fine linens. Your satisfaction is our success.

We are particularly anxious to show you the manner in which we turn out those fancy silks and dress shirts. We keep them looking like new and so they fit like they did when new.

Now is the time to consider the handling of your family washings. We handle them as cheaply as you can do them at home, saving you all the fuss, bother and risk from colds and illness in the family. Rough dry, all flat worked ironed, only five cents a pound. Call us up about this and let us give it a trial.

EXCELLENT THRESHING WEATHER MAKES WHEAT AVERAGE LOWER

Market Closes Unsettled at 3-4c Decline to 1-2c Advance—Course of Prices Is by No Means a Constant Decline, Several Bulges Taking Place.

Chicago, Sept. 21.—Excellent weather for threshing had a good deal to do today with making wheat average lower in price. The market closed unsettled at 3c decline to 4c advance, with December at 93c and May at 96c. Corn finished 2c off to 1c up; oats carrying from 3c down to a gain of 15¢@17¢ to 30c. Provisions at a rise of 15¢@17¢ to 30c.

Persistent selling of December wheat was indulged in under the leadership of one of the largest houses on "change." The chief incentive for this bullish operation appeared to be the outlook for a more liberal movement of wheat from first hands throughout the entire belt. In this connection especial stress was laid on the favorable conditions for threshing in the northwest, where all available machines were said to be finding brisk employment. The course of prices, however, was by no means a constant decline, several moderate bulges taking place owing largely to a decrease of the visible supply in Great Britain and because of foreign buying of futures here.

Gossip that Canadian tariff obstacles to free shipment into the United States might soon be removed cut some figure as a handicap to the wheat bulls here. On the other hand a ruling that delivery of No. 1 velvet chaff with dockage would not be acceptable on ordinary Chicago contracts had tightening effect on the September option in particular. Corn prices at the outset were not responsible to news of frosts last night or to prediction of more ice. Damage talk was discarded.

Later, the market advanced on accounts of reports showing freezing temperatures prevailing in Iowa and Nebraska, but the upturn in values was afterward offset to a considerable extent by liberal selling on the part of speculators.

Oats although firm early weakened in the end as a result of low priced offerings from the northwest.

HALF A SCORE OF SPECIALTIES HOLD SWAY OVER STOCK MARKET

Stocks Heretofore Regarded as Investment Issues are Wild or Reactionary.

New York, Sept. 21.—Half a score of specialties held sway over today's market while stocks heretofore accepted as investment issues, were wild or reactionary. The specialties were more clearly divided into several groups—motor stocks, which lead all others both as to activity and extent of gains; shares of companies making motor supplies and shares of concerns manufacturing munitions and electrical equipment. To these may be added the sugar stocks and several other issues whose earnings are increased enormously as a result of the war.

United States Steel not generally rated as a war issue but deriving large indirect benefits from the foreign conflict was the only old time favorite to keep pace with the active moments, although gaining no actual advantage in quoted values. In fact, steel, was again under persistent pressure, closing at 76 or 1/2 point under yesterday's close.

That automobile stocks still remain under the spell of the 50 per cent dividend declared last week by the general motors company was demonstrated by their relational course today. New records were made by many of these issues including general motors which scored an extreme gain of 54 points at 350 later yielding 27 points; Willys-Overland 12 to 222; Studebaker common and preferred 4% and 3% at 144% and 109%, respectively; Maxwell Motors 1st pd 2 to 94%, and the second preferred 5% to 45%.

Unprecedented quotations were recorded by Crucible Steel which advanced 3 to 97%; Westinghouse 4% at 123%, and Bethlehem Steel 12 at 357.

VOTERS APPROVE COMMISSION FORM

FOURTEEN PRECINCTS DECLARE AGAINST RETURN TO ALDERMANIC FORM OF GOVERNMENT.

Total Majority in Favor Present Administration of City Affairs Is 1,347—Total Vote About Two Thirds of That Cast at Recent City Election—Returns Were Received Early.

A better election day from the point of weather could not have been prepared than Tuesday, and the 4,234 vote polled was about as large a representation of the total voting strength of Jacksonville as could be expected for a special election. The vote cast was nearly two to one in favor of retaining the present form of government, and it is gratifying that the result was so decisive as to further doubts can now exist as to the wishes of the people. Early in the day W. N. Hairgrove, who has been the leader of the movement for a return to the aldermanic form, privately admitted that he saw certainly that his cause was lost and that by a heavy vote. The result showed that the movement for a return to the old form carried in but two voting precincts, these were numbers two and three. Although Mr. Hairgrove was evidently prepared for the total result there must have been some surprises. There were several precincts in the east side of the city which he had confidently expected to carry and the ballot count showed these districts quite heavily in favor of the retention of the present form. Seemingly the effort made to arouse some little ward feeling between the east and west sides of Jacksonville failed.

the general result by stating that help he had expected from a number of sources did not materialize. He said further that a number of persons who contributed to the campaign fund and assisted in securing signatures to the petition failed to render any assistance in the final days.

When the commission form of government was adopted a little more than four years ago, the majority in favor of it was 634. The total vote cast at that time was 2,308, and comparison with the returns yesterday indicates that about 50 less men voted for the commission form this time than in the earlier election. Women did not have the right of franchise when the previous commission form election was held. The total vote of 4,234 as stated before, indicates a greater interest in the proposition than was at first apparent, for the total vote cast for Mayor Rodgers and ex-Mayor Davis in the April election was but 5,730. The city is credited by registration books with a total voting population of men and women of more than 8,500, but no such total vote has ever been cast in an election.

It was very quiet about all the polls during the day. The workers for the commission form, especially the women, were well organized and the automobiles and carriages provided without cost by those in favor of the movement were handled in such a way that many were brought to the polls who otherwise would have been unable to find the time for taking part in the election. The people had evidently made up their minds before election day arrived, and the vote was quickly recorded. As the ballots were so easily marked the task of counting them was comparatively simple, and the result was known by 5:30.

In district No. 1 the judges and clerks followed some different plan of counting than that used in the other precincts and this somewhat delayed knowledge of the correct totals, but the majority was so heavy in favor of the commission form without this district that the delayed information did not cause any uneasiness.

Deaf Ladies' Aid Gives Pleasant Surprise.

The Rev. and Mrs. Frank Read, Sr., were given a pleasant surprise Tuesday afternoon in celebration of their golden wedding anniversary by members of the Ladies' Aid society of the Deaf. Bringing with them ample refreshments, the ladies came at 2 o'clock in a body. Arriving at the home of Mr. and Mrs. Read on Sandusky street, they took immediate possession. A pleasant feature of the social hour which followed was the reading of letters which friends had sent in honor of the day from far and near.

Greetings from the Rev. and Mrs. J. P. Hasenstab of Chicago were brought in person by their daughter, Miss Grace Hasenstab, a freshman student at the Woman's college. Mr. Hasenstab was a co-worker with Mr. Read on the faculty of the Illinois School for the Deaf. Miss Ruth Patton, a senior of the college, brought cheering words from Mr. and Mrs. LaFayette Patton of Paxton, Ill., her father and mother, who were pupils of Mr. Read in years gone by.

Among gifts to the couple were two gold purses from their sons, one from J. Phillip Read containing a hundred dollars and a fifty dollar purse of gold from Frank Read, Jr. Officers of the aid society are Mrs. Luper, president; Miss Addie Brish, vice president and Mrs. Henry A. Molohon, treasurer.

HIGH SCHOOL ANNOUNCES FOOTBALL SCHEDULE FOR SEASON

Ten Games Will Be Played With
Carrollton High Coming Here for
Opener Saturday.

The football schedule for the Jacksonville high school has been announced by Manager Carter, for the season. No little task was before the managers in securing the list of dates, as the entire records mysteriously disappeared when school closed last May.

As will be noted there are five games to be played away from home and five games at home. The opener will be Saturday when Carrollton comes. Thanksgiving day game will be played here with Pawnee high as an opponent. In the list will also be noticed Greenfield, a school that Jacksonville has not met in a number of years, and which is always touted as a championship bunch. Coach Huber has been putting his men through some hard practice and as most of the men are new except Howard Reynolds, considerable time is being spent in learning the formation, the plays and both offensive and defensive work. The eleven expects to have a scrimmage with the Illinois college team Thursday and it is planned for the two teams to meet throughout the season. While it is early for predictions, the high school team gives promise of some great work under the coaching of Mr. Huber and their career will be watched with interest.

The schedule follows:

Games Abroad.
October 2—J. H. S. at Quincy.
Oct. 9—J. H. S. at Carlinville.
Oct. 23—J. H. S. at Springfield.
Nov. 6—J. H. S. at Beardstown.
Nov. 20—J. H. S. at Greenfield.
Games at Home.
Sept. 25—Carrollton.
Oct. 16—Normal high school.
Oct. 35—East St. Louis.
Nov. 13—Peoria high school.
Nov. 25—Pawnee high school.

ON SALE TODAY—ANOTHER BIG INVOICE OF STYLISH SHAPES IN BLACK AND COLORED VELVET HATS—ALSO A NEW LOT OF SMART TRIMMINGS IN FURS, FEATHERS AND NOVELTIES. WE ARE MAKING SOME BEAUTIFUL HATS OF THE LATEST SHAPES AND MATERIALS AND BEST FINISH FOR \$5.00, \$6.50 AND \$7.50 EACH.

PAVING WORK PROGRESSING.

Work on the repaving of South Main street is progressing in a satisfactory manner. The tracks have been taken up from Morton avenue to the switch and the bed excavated a foot and a half in preparation for the pavement. When the work is completed the car track will be 3 1-2 inches higher than at the present time.

Mr. and Mrs. Aaron W. Petefish and sons, Jesse and Orville Petefish, of Litchberry returned Tuesday evening from an automobile trip through Missouri and central and southern Kansas. They left Litchberry three weeks ago, going as far west as Topeka and as far south as Caldwell, Kan., near the Oklahoma state line. On their return they were accompanied by Miss Fern Litch of Kansas City, Mo. The speedometer recorded for the entire trip a total distance of sixteen hundred miles.

Rainy weather delayed the party in Kansas City, but settling out Monday morning they were able to complete the journey in two days. Through Missouri, they encountered many stretches of flooded roads, running at times in water above the running board. In spite of some discomfort Mr. and Mrs. Petefish report the trip very enjoyable.

BACK FROM CHICAGO.

Frank Elliott, president of the Elliott State bank has returned from a visit with his two sons in Chicago. While there he visited the camp at Fort Sheridan and thinks the persons who go there for a drill of a month will much enjoy the work. He says location is very beautiful and the government has three miles square of territory so that there will be plenty of room for all kinds of maneuvers. He says a great many young men will spend the month there and the result will be beneficial all around.

RUSSELL EXPECTS TO BE IN RACE FOR GOVERNOR

State Treasurer Makes Announcement of His Intentions at Springfield.

The Springfield News-Record of Tuesday evening, in speaking of Andrew Russell and his candidacy for the governorship says: "Any doubt that State Treasurer Andrew Russell will be a candidate for the republican nomination for governor was removed today when he told his callers that he expects to enter the race. He will not make his formal announcement for some time, but he is officially a contender for the nomination."

"This announcement on the eve of Republican Day at the state fair tomorrow, caused considerable comment in the Lowden and Smith camps at the Leland."

"It is believed from intimations made by leaders of the Denen faction, that the treasurer will have the support of this element of the party in his race, and in this case the fight will be likely to narrow down to a contest between Russell and Lowden."

"With Russell backed by the Denen faction and Lowden officially supported by the Thompson-Lundin crowd, one of the most spectacular campaigns in the history of the state may be expected."

"Mr. Russell's friends insist that he is not a factional man and that he enters the race without the backing of any faction. It is a fact, however, that the Denen backing would be acceptable to him."

MISS IRENE SPEARS WEDS MR. CLARENCE A. WATKINS

Ceremony Took Place Tuesday in
Springfield—Young People Will
Make Their Home in Chicago.

The many friends of Miss Irene Spears will be surprised to learn of her marriage Tuesday morning at 11 o'clock in Springfield to Mr. Clarence A. Watkins of Peoria. The ceremony was said by the pastor of the First Christian church. The bride wore a gown of blue silk grode-londre with hat to match. The young people are expected in the city today. They eventually will make their home in Chicago.

The bride is the only daughter of Mr. and Mrs. John T. Spears, residing at 335 West Court street. She attended the High school, graduating with the class of 1913. She also studied voice at the Woman's College and piano, voice and art at the Conservatory. She possesses much musical talent and is a singer of unusual ability. She has been a member of the Christian church since ten years of age and was a member of the choir. She is popular among her many friends and best wishes will be extended her for a happy married life.

The groom is formerly from Cincinnati, Ohio, but recently he has been residing in Peoria. He is general manager of the Merchants and Manufacturing company of Peoria and is also engaged in the sale of stocks and bonds. He is a young man of integrity and business acumen.

Mr. and Mrs. Watkins expected to visit today in Jacksonville. They will live for awhile in the Mayer hotel in Peoria, and later will be permanently located in Chicago.

TUSCANIA BRINGS PASSENGERS AND CREW OF ATHANIA TO PORT

Steamer Roumanian Prince is Expected Today With Remainder of Persons Rescued From Burning Steamer.

New York, Sept. 21—The Anchor Line Steamship Tuscania arrived in port tonight with 339 passengers and 70 of the crew of the Greek Steamship Athania which was abandoned at sea late Sunday afternoon, after she had been afire for thirty-six hours. Every soul on board the burning vessel was rescued.

The Steamship Roumanian Prince is due here tomorrow with 56 of the crew and five passengers, rescued at the same time. The officers of the Athania said tonight that they did not know what caused the fire. It was discovered at eight o'clock on Sunday morning her third day out from New York on the voyage to Piraeus, Greece. It appeared to have broken out simultaneously in four different parts of No. 2 hold which was largely filled with inflammable merchandise. Although there was much excitement at first among the passengers the officers succeeded in allaying their fears and until all were safely aboard the Tuscania before dark the next day the passengers behaved cooler with a few exceptions in the steerage.

STATES GUTIERREZ WAS INVITED INTO CARRANZA TERRITORY

EL PASO, Texas, Sept. 21.—Despatches from San Antonio, Texas, that the convention government's former provisional president of Mexico, Eulalio Gutierrez, and his chief supporter, General Lucio Blanco had been imprisoned by General Alvaro Obregon according to Carranza advices from Vera Cruz resulted here today in the explanation that Gutierrez had been invited into Carranza territory by Obregon.

"If General Obregon has arrested Gutierrez he has broken faith with him," said General Carlos Dominguez, chief of police in Mexico City during the Gutierrez regime, who parted from Gutierrez recently.

TUSCOLA METHODISTS WOULD KEEP REV. A. A. WHITE

Tuscola, Sept. 21.—Methodists of Tuscola are disappointed because Rev. A. A. White, their popular pastor for the past three years, has been transferred to Kimber church in Danville.

Friday, the agitation against the exchange of Rev. Mr. White for A. L. T. Ewert reached such a heat that the new presiding elder was sent for.

The Tuscola congregation had requested the return of the pastor by a unanimous vote of the church board, with the approval of the entire congregation. Some are inclined to lay the blame for the transfer at the door of H. C. Gibbs, the district superintendent.

A meeting of several leading officers of the church who are protesting was held in the Farmers and Traders' bank and a resolution of dissatisfaction was passed.

Fresh pan caramels, fresh peanut brittle, Mullenix and Hamilton.
